

Access Statement

This access statement does not contain personal opinions as to our suitability for those with access needs, but aims to describe the facilities and services that we offer all our guests/visitors.

Introduction

Situated on Douglas sea front in the Isle of Man. We are located within a 20 min walk of Douglas town centre and the main shops and restaurants.

The Inglewood has 16 en-suite bedrooms spread over 4 floors, accessible by stairs only.

The Inglewood was built in 1907 in the traditional style of the day and there are some period features of the house which may make access difficult for people with limited mobility. For example the building does not have a lift and the construction and design of the building is not suitable for the installation of a lift.

We do try very hard to meet each guest's individual needs and we look forward to welcoming you to the Inglewood. If you have any queries or require any assistance please phone 01624 674734 or email inglewoodhotel@manx.net
